

Substances defined by the WADA prohibited list

Döhler is a global producer, marketer and provider of natural ingredients, ingredient systems and integrated solutions for the food and beverage industry. Döhler is dedicated to excellence in food safety and quality.

Following the guiding principle of precautionary consumer protection, Döhler has initiated measures to assess and minimize the risk for its own products.

We confirm that our products meet the corresponding product specifications in all aspects.

Being aware that WADA revises the prohibited list annually we review it thoroughly. Based on that we confirm to the best of our knowledge that the products manufactured by Döhler comply with WADA's 2024 standard.

It however is the responsibility of the manufacturer of the final food to ensure that the product meets potentially existing guidance on nutrition for sportsment.

Furthermore, we will continue working closely with our suppliers and the associations, which allows us to act preventively in order to continue providing safe and compliant products.

This statement applies to all products manufactured and used within the EU or according to EU provisions. It has been produced electronically and is valid without signature.

All information has been compiled with the greatest care and to the best of our knowledge. It is regularly revised and updated. The document shall not be considered as contractual and will not be automatically sent out again following modifications.
